

PRIDE AND PURPOSE STATEMENT

RIX MEANS ENGINEERED INNOVATION

**Determined for Excellence Today,
Prepared for Growth Tomorrow.**

OUR VALUES

We share pride in our team, our purpose, our products and our 137-year old reputation of solving problems and of making it right. Our strong history and reputation of engineering and manufacturing quality compressors and gas generators is important to us and our customers.

OUR BELIEFS/WHAT WE WANT FOR OURSELVES.

We believe in our today and our tomorrow, our present and our future. We like what we do and we are good at it. Our goal is to move forward and expand our product horizons while maintaining the basic beliefs that supported us for 137 years. We will achieve this through working in a structure that recognizes individual initiative, total team effort and consistent project success.

We are determined to be stellar at pneumatics/gas compression and related technologies.

ENGINEERED INNOVATION IS OUR MISSION.

At the end of the day, every day, we take pride in our individual and corporate willingness to learn, innovate and succeed.
