

INGENUITY CHARGING FORWARD

RIX Industries is proud to have configured systems for ground combat vehicles that are rugged, safe and reliable, light-weight and compact, and most importantly increase survivability. RIX offers an all-inclusive system, a single compressor for all facets needed on ground combat vehicles resulting in a lightweight cost effective solution. In addition, all components can be shipped and/or installed in a convenient After Market kit. We look forward to increasing survivability through our systems on the current fleet of vehicles, as well as future programs to come.
